

Avnish

Front-End Developer | UI/UX Enthusiast

✉ Chaudharyavnish161@gmail.com | 📞 +91 8091041421 | 🔗 LinkedIn | 🐙 GitHub | 🌐 Portfolio

Profile

Motivated Front-End Developer with a strong foundation in modern web technologies and a passion for creating clean, user-centric interfaces. Experienced in developing responsive, interactive applications using HTML, CSS, JavaScript and skilled in crafting visually consistent UI designs using Figma and Canva. Adept at translating UX principles into efficient, aesthetically appealing solutions. Enthusiastic about building scalable web systems and continuously enhancing usability through thoughtful design.

Skills

Languages: HTML5, CSS3, JavaScript (ES6+)

UI/UX & Design Tools: Figma (Wireframing, Prototyping), Canva

Version Control & Deployment: Git, GitHub, Netlify

Other Skills: Responsive Web Design, REST API Integration, UX Principles

Education

Bachelor of Technology, Computer Science and Engineering

2022 – 2026

Chandigarh University | CGPA: 6.87

Chandigarh, India

Intermediate, CBSE | DAV Public School | 76.67%

2020 – 2021

Kangra, India

Matriculation, CBSE | DAV Public School | 90%

2018 – 2019

Kangra, India

Projects

Recruit CRM Platform Redesign

Figma, UX Research, UI Design

- Conducted heuristic evaluation and identified key usability pain points in existing Recruit CRM screens.
- Redesigned key modules to improve hierarchy, visual consistency, and recruiter workflow efficiency.
- Applied consistent UI patterns and layout principles to enhance recruiter experience.
- Designed mobile-friendly layouts with intuitive UI.

Thinkpass Password Manager

JavaScript, HTML5, CSS3, API

- Developed a secure, responsive password management tool with client-side encryption for data safety.
- Focused on mobile-friendly layouts and seamless user experience.
- Designed mobile-friendly layouts with intuitive UI.

Achievements & Certifications

- **Foundations of User Experience (UX) Design – Google (Coursera):** Successfully completed an industry-recognized course focused on core UX concepts, design thinking, and user-centered research methodologies.
- **Introduction to UX/UI Design – IBM (Coursera):** Gained hands-on experience in user interface design, wireframing, and prototyping using Figma and Canva under IBM's UX curriculum.
- **Graphic Design Essentials – Canva:** Certified in visual design, color theory, and composition for digital media.
- **Shri Ram Trading Competition – Delhi University:** Demonstrated analytical decision-making and strategic thinking under competitive, time-sensitive conditions.
- **SnapHackathon Participant:** Conceptualized and designed augmented reality filters through rapid ideation, creative problem-solving, and UX-driven design execution.
- **Algorithmic Problem Solving (LeetCode):** Solved over 200 programming challenges, strengthening logical reasoning, front-end logic optimization, and data structure proficiency.

Extra-Curricular Activities

- **Hackathon Participation:** Actively participated in multiple university and online hackathons, focusing on UX-centric problem-solving and rapid prototyping.
- **Gaming & Strategy Events:** Winner of a university-organized BGMI Esports Tournament, demonstrating teamwork, focus, and strategic coordination.
- **Modelling & Presentation Events:** Runner-up in university-level competition demonstrating confidence and stage presence.
- **Leadership & Collaboration:** Led team-based academic projects ensuring cohesive design and front-end execution.
